Summary

Assistant system engineer with 1.6 years of hands-on experience in SAP CLM and SAP CPROC. Currently, I am pursuing my Master's degree in Information Technology from Arizona State University. I want to work for an organization that provides me with opportunities to showcase my skills and abilities to perform in challenging situations. I am eager to take on tasks that test my capabilities so that I can continue developing both as an individual and for the betterment of the company. An ideal role will allow me to apply my strengths with keen interest, pushing me to improve continuously.
